DOH folks,

Please give this letter a careful read. I have included an enclosure that captures the comments that Bob and Mark made on the plan, but I have reworded some of them and I have some questions. You will see a bunch of bold, yellow highlighted comments from me on your comments. I still need to fully digest the BWS comment letter and I need you to do so as well. We may need to revise this letter again to incorporate any BWS comments that we agree with. I can set up a call for early next week to discuss if we need to talk.

Bob
